Trial Matching Supporting Materials

Name	Purpose	State
ACS-CAN Patient-Facing Clinical Trial Matching Summit Report	This report describes what was discussed during a summit aimed to identify policy and infrastructure recommendations to improve Patient-Facing Clinical Trial Matching. This summit was sponsored by the American Cancer Society and the American Cancer Society - Cancer Action Network (ACS CAN).	Final
Patient Story	This news article documents the story of a woman who was diagnosed with triple-negative breast cancer who then searched on her own to find a clinical trial that ended up saving her life.	Final
"Basic Few" Eligibility Criteria	This list was created by ACS-CAN and its partners. It is meant to be a minimal number of eligibility criteria that can provide clinical trial matches of valuable quality. The list is below: • Cancer Type • Cancer Subtype • Biomarker status • Stage/Grade or presence of metastases • Age • # of prior therapies allowed (trial) and # of prior therapies received (patient) • Categories/names of excluded treatments (trial) and categories/names of treatments received (patient)	Final
