The July 2022 CMS Connectathon is rapidly approaching! Please join us at the Connectathon on July 19-21 to participate, test, and learn.

We invite you to join the weekly Gravity SDOH Clinical Care FHIR IG calls. These calls occur Wednesdays 3:00pm-4:00pm EST and the meeting information can be found here. In the coming weeks, the Gravity IG calls will be used as prep for the Connectathon and will be referred to as Weekly Gravity Track Connectathon Calls.

HL7 SDOH CC FHIR IG Public Meetings are scheduled Wednesdays from 3:00 to 4:00 pm ET

- See the HL7 meeting calendar here: [http://www.hl7.org/concalls/CallDetails.cfm?concall=54498](http://www.hl7.org/concalls/CallDetails.cfm?concall=54498)

| Next meeting will occur on June 15th | 3:00 to 4:00 pm ET | 1. Initiate Weekly Connectathon Touchpoint | Join Zoom Meeting [https://zoom.us/j/5328571160](https://zoom.us/j/5328571160)
Meeting ID: 532 857 1160
Phone Number: +1 929-436-2866
Participant Passcode: 532 857 1160

When joining the Webinar, please ensure to identify yourself by including your first and last name and the name of your organization so that we may identify all participants.

Please note that all calls will be recorded for purposes of note taking.
Gravity Track CMS Connectathon Objectives

- Demonstrate use of FHIR across the continuum of healthcare and social services
- Explore alignment opportunities across active FHIR-based initiatives:
  - **Gravity Project**: Social Determinants of Health
  - TBD - Our objectives for the Connectathon will be decided based on the opinion of the community of participants.

Begin to Develop Personas
Example Patient Persona - Stella Creed

- Dual Eligible (Medicare & Medicaid 1915(c) Waiver)
- 65+ years old
- Health Concerns: CKD, Frailty, Mobility, Depression
- Social Needs: Food Insecurity, Housing, Transportation, Social Isolation
- HCBS Services:
  - Community Integration
  - Home delivered meals
  - Home-based habilitation
  - Companion
  - Non-medical transportation
  - Housing
  - Crisis Intervention/ Behavior supports

- Challenges:
  - Coordination across multi-disciplinary provider groups
  - Navigating eligibility across Medicare and Medicaid programs
  - How to manage health care and HCBS received
  - How to manage progressing CKD
  - Sharing multiple assessments across settings
  - Not able to see big picture ‘care plan’

Patient Story posted here
Example Patient Persona - Betsy Smith

- Dual Eligible (Medicare & Medicaid 1915(c) Waiver)
- 65+ years old
- Health Concerns: Frailty, Mobility
- Social Needs: Transportation
- HCBS Services:
  - Non-medical transportation

Challenges:
- Coordination across multi-disciplinary provider groups
- Navigating eligibility across Medicare and Medicaid programs
- How to manage health care and HCBS received
- Sharing multiple assessments across settings
- Not able to see big picture ‘care plan’

Patient Story posted here
Querying the Group about Potential Personas

Given the roles discussed, flesh out the personas relevant to the Gravity Track:

- 
- 
- 

Patient Story posted here
Begin to Define Scenarios/ Use Cases (3)
Scenarios for Testing
Contributing Ingredients to Larger Stew

Working to define scope with the Gravity Community:

Potentially this may be...

- Closed Loop Referral between a Physician and a CBO
  - Clinical referral of Patient to CBO
  - Completion of referral by CBO
- Patient survey submission of SDOH risk assessment via PRAPARE
- Capture and view Personal Characteristics (race, ethnicity, sexual orientation, gender identity, recorded sex/gender, and personal pronouns)
## Example Scenarios for Testing

<table>
<thead>
<tr>
<th>Scenario</th>
<th>Scenario Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Gravity Scenario 1</strong></td>
<td><strong>Rebecca Smith:</strong> Outpatient encounter for person with social risks/needs, screening, integrate screening info into EMR for clinical review. Visit Summary includes medical and social care information.</td>
</tr>
<tr>
<td><strong>Gravity Scenario 2</strong></td>
<td><strong>Betsy Smith:</strong> Dual eligible receiving home and community-based services has an episode of care that encompasses an inpatient and SNF care then is discharged to home where home health care is provided to augment HCBS support before eventually being transitioned back to oversight by a Primary Care Physician.</td>
</tr>
</tbody>
</table>
Next Steps

▪ Ensuring Accessibility for Testing
▪ Confirm Participation and Track Plan Documentation
▪ Begin to Define Stories and Scenes
