Patient Track Kick Off Call

Ron Shapiro
Sep 7, 2023
Track Kick Off Agenda

- Introduction to Track Lead – Ron Shapiro
- Track Description
- Track Goals
- Track Roles and Preparation
- How to get your questions answered
- Participant Checklist
Track Lead

• Ron Shapiro
• VP & CTO, Qvera
• participant since FHIR Connectathon 6
• HL7 Workgroup co-chair since 2017
Track Description

• This track provides new participants with a friendly introduction to FHIR, using a simple scenario that can be met with limited domain knowledge and by those who have not had a lot of exposure to FHIR.

• https://confluence.hl7.org/display/FHIR/2023+-+09+Patient+Track
Track Goals

• Successfully Create, Update, Retrieve and Delete a Patient FHIR resource
• Additionally: Use a FHIR testing platform to complete the same scenarios
Track Roles and Preparation

- Client: come prepared to interact with a FHIR Server
- Server: come prepared for Clients to interact with your server
Connectathon Manager Tool

- Access Connectathon Manager ([ConMan](#)) Tool Here
- Log in with just your name
