The Gravity Project

Food Insecurity Data Sets
August 15, 2019
Welcome

Thank you for joining the Gravity Project Workgroup meeting!

Due to the large number of attendees, participants are muted upon entry. Please remain muted to avoid background noise.

- This call is being recorded; recording will be available on the Gravity Confluence page following the meeting.

You are encouraged to actively participate in the discussion using the Webex chat feature (bottom right of the Webex Meeting window).

Please send chats to “Everyone.”

We will review and try to address all comments submitted during the call. If you are experiencing technical difficulties, please contact lynette.elliott@emiadvisors.net.
Gravity Project Participation

- If you have not already done so, we invite you to officially join the project here: https://confluence.hl7.org/display/GRAV/Join+the+Gravity+Project

- If you want to check whether you have already signed up or if others from your organization have signed up, please review the existing membership here: https://confluence.hl7.org/pages/viewpage.action?pageId=46892669#JointheGravityProject-GravityProjectMembershipList

- For all other Gravity Project information, please visit: https://confluence.hl7.org/display/GRAV/The+Gravity+Project
# Agenda

Announcements

- **WHAT:** Gravity has a NEW Confluence URL and Home Page!
  - Confluence: [https://confluence.hl7.org/display/GRAV/The+Gravity+Project](https://confluence.hl7.org/display/GRAV/The+Gravity+Project)
  - HL7 Page: *in development* (URL to be shared later)

- **WHY:** Gravity is now an official HL7® FHIR® Accelerator Project
  - Press release coming soon
  - [http://www.hl7.org/about/fhiraccelerator/](http://www.hl7.org/about/fhiraccelerator/)
Announcements, cont’d…

- Gravity Team will be presenting at the upcoming ONC Interoperability Forum
  - **Date:** August 22, 2019
  - **Time:** 9:00-10:30am ET in Renaissance West A Room
  - **Location:** Renaissance Hotel at 999 9th Street NW, Washington, DC 20001 (also open via webinar)
  - **URL:** [https://www.healthit.gov/news/events/oncs-3rd-interoperability-forum](https://www.healthit.gov/news/events/oncs-3rd-interoperability-forum)
Important Schedule Updates

• Switched to bi-weekly meetings until further notice
• Final due date to submit Food Insecurity Data Elements is **Friday, August 30th 2019**

Additional questions? Contact: gravityproject@emiadvisors.net

How to Review Food Insecurity Adjudicated Data Submissions (Master List)

https://confluence.hl7.org/pages/viewpage.action?pageId=55938680#FoodInsecurityDomain-FoodInsecurityMasterList

• Master List with adjudicated data elements will be published on Confluence page bi-weekly (by Friday COB following a bi-weekly public call)

  ▪ Please note updated Confluence URL
Discussion: Roles
Discussion: Roles

- Addressing the social determinants takes the shape of the community of concern
- Activities can and do occur in clinic, agency, and community settings by everyone from licensed health providers to willing community members
- There is no one way…
- Our documentation of roles needs to encompass this breadth in order to allow for a truly representative and interoperable exchange
Discussion: Roles

- There is an existing taxonomy called the healthcare provider taxonomy code set that includes distinct code for many of the roles in health care settings.
- However, many of the community roles and emerging health roles are not yet in this taxonomy.
- The project has clearly revealed a need for development in this realm.
- *It is beyond the scope of the Gravity Project to consider unique codes for all emerging and community roles within this consensus process. This may be appropriate for Phase II.*
- Terminology that can denote referrals to these individuals, the intervention, are within scope.
Discussion: Interventions
Intervention Structure

• There is a structure and pattern of terminology that undergirds standard interventions within the clinical space (medications, immunizations, referrals to other providers and specialties)

• Few of the interventions to address the social determinants fit within these existing terminologies

• Thus we need to build the framework of how we care for social needs in SNOMED CT in order to have consistency across settings

• This attempt tries to account for the many settings and roles detailed in the previous slides
Intervention – SNOMED CT “Procedures”

• Procedures: SNOMED defines procedures as “activities performed in the provision of health care. This includes not only invasive procedures but also administration of medicines, imaging, education, therapies and administrative procedures” (SNOMED Concept Model)
  ▪ Essentially, procedures are all of the concrete activities that clinicians/providers employ to address patient concerns.
Intervention Concepts

• Meals on wheels provision assessment (procedure)
• Arrange meals on wheels (regime/therapy)
• Evaluated for meals on wheels
• Educated about WIC
• Provided emergency food assistance
• Counseling about nutrition using motivational interviewing strategy (procedure)
• Nutritionist education, guidance, and counseling (procedure)
Interventions Framework

• Referral to (_____)—(Insert role) a type of order wherein clinicians/providers request services and/or assessment from other professionals and/or programs

• Provision of (_____)(direct supports/aid) For the purposes of our project provision covers any concrete support that is able to be given to the patient directly at the point of service

• (_____)_Counseling—Counseling involves interviewing and applying mental health and behavioral strategies

• (_____)_Education—(different from counsel) is delivery of patient education aligned with the goals of care

• Assess/Assessment of (_____)—Assessment includes both the process of provider clinical observation and interpretation and the utilization of assessment tools. In both activities the aim is to arrive at outcomes that define the status of the patient in order to guide further care.

• Evaluation of eligibility for (_____)—Used to mark the activities prior to determination of eligibility. (Crucial for federal food assistance programs)

• Assistance with (_____)—Non-clinical assistance with the tasks of care. Assistance with applications, setting up appointments, etc.

• Case management

• Care Management
Questions?

You are encouraged to actively participate in the discussion using the Webex chat feature (bottom right of the Webex Meeting window).

Please send all chats to Everyone.
Upcoming Schedule & Next Steps
Next Steps (Homework)

- Submit data elements by domain:
  [https://confluence.hl7.org/display/GRAV/Data+Element+Submission](https://confluence.hl7.org/display/GRAV/Data+Element+Submission)
Thank you for participating in this national consensus-building process.
