Q1 The HL7 FHIR Connectathon met my expectations.

☆ **Agree**

Q2 Based on my experience, I would refer a colleague to come to an HL7 FHIR Connectathon.

☆ **Agree**

Q3 I will attend the FHIR Connectathon in Australia in February 2020.

☆ **Slightly Agree**

Why or why not?: It's a longer trip, I have 3 kids ages 11 - 4, and my wife works. It's a lot to ask of her.

Q4 I had the information I needed to be successful at the connectathon.

☆ **Agree**

Comments: I feel the event app could be improved, compared to some of the other event apps I've used.

Q5 I would like to participate in structured FHIR Conformance or IG Testing at future FHIR Connectathons.

☆ **Agree**

Q6 Please share your suggestions for doing things better at the next FHIR Connectathon. If you would like us to follow up with you please include your contact information.

I was disappointed by the lack of participation in filling out profiles in the app. I wanted to meet other people with similar interests, but the app did not prove to be useful for discovering people.

Q7 I was a track lead or helped run a track at the FHIR Connectathon. **YES**

Page 2: Track Lead Questions

Q8 How did you evaluate the success of your track?

I created a track survey, in part.

Q9 What tools did your track use? (check all that apply)

Respondent skipped this question

Q10 Will you lead a track at the next Connectathon you attend?

Not sure.

Q11 What, if anything, would you like to be different next time?

It was noisy and the air conditioning was too cold. Smaller rooms might have been nice, but it was also good to be in close proximity with other groups, too. It's a tough thing because I want the best of both worlds.

Q1 The HL7 FHIR Connectathon met my expectations.

☆ **Slightly Agree**

Q2 Based on my experience, I would refer a colleague to come to an HL7 FHIR Connectathon.

☆ **Agree**

Q3 I will attend the FHIR Connectathon in Australia in February 2020.

☆ **Agree**

Q4 I had the information I needed to be successful at the connectathon.

☆ **Agree**

Q5 I would like to participate in structured FHIR Conformance or IG Testing at future FHIR Connectathons.

☆ **Strongly Agree**

Q6 Please share your suggestions for doing things better at the next FHIR Connectathon. If you would like us to follow up with you please include your contact information.

There wasn't really a wrap-up this time... People kinda just fizzled out/away. I really liked hearing a report-out from each of the tracks. Granted, it takes a while with so many tracks, but it seems pretty helpful to me if everyone timeboxes their report-out to 2 minutes each.

Q7 I was a track lead or helped run a track at the FHIR Connectathon. **NO**

☆ **Agree**

Q2 Based on my experience, I would refer a colleague to come to an HL7 FHIR Connectathon.

☆ **Agree**

Q3 I will attend the FHIR Connectathon in Australia in February 2020.

☆ **Disagree**

Why or why not?: It's out of my country

Q4 I had the information I needed to be successful at the connectathon.

☆ **Slightly Agree**

Q5 I would like to participate in structured FHIR Conformance or IG Testing at future FHIR Connectathons.

☆ **Agree**

Q6 Please share your suggestions for doing things better at the next FHIR Connectathon. If you would like us to follow up with you please include your contact information.

I have attended Connectathon first time. I found it very useful and productive. But in the agenda or tracks of Connectathon the message was not clear, like we have to do development/coding over there. So, it was little confusing for me. But over all it was nice experience. Thank you.

Q7 I was a track lead or helped run a track at the FHIR Connectathon. **NO**

☆ **Agree**

Q6 Please share your suggestions for doing things better at the next FHIR Connectathon. If you would like us to follow up with you please include your contact information.

For non-technical (developer) folks, it would be nice to know how we could participate in the Connectathon along side technical folks. My employer is not a development shop, yet we attend the Connectathons on occasion to be SMEs, but it would be nice to fully understand our role as a SME.

Also, each track should have a planning meeting or two prior to the Connectathon. Ours (Care Planning) did not have any.

Q7 I was a track lead or helped run a track at the FHIR Connectathon. **NO**

☆ **Agree**

Q2 Based on my experience, I would refer a colleague to come to an HL7 FHIR Connectathon.

☆ **Strongly Agree**

Q3 I will attend the FHIR Connectathon in Australia in February 2020.

☆ **Slightly Disagree**

Why or why not?: too far, too expensive, all the folks I want to connect with are here in the US

Q4 I had the information I needed to be successful at the connectathon.

☆ **Agree**

Comments: More conformance testing tools for our FHIR IG's (and profiles) would be preferable. We saw the Patient track, and Terminology track have some semi-formal testing currently supported. How do we get this for Care Coordination, and other FHIR R4 US Core tracks.

Q5 I would like to participate in structured FHIR Conformance or IG Testing at future FHIR Connectathons.

☆ **Strongly Agree**

Comments: More FHIR Testing will be good

Q6 Please share your suggestions for doing things better at the next FHIR Connectathon. If you would like us to follow up with you please include your contact information.

The FHIR Connectathon is now more than a FHIR Hack-a-thon, we need to report out which IG and profiles are seeing mature implementations. Several organizations in Care Coordination needed more work (prior to participating at the connect-a-thon). Not recommending IHE Tools, but some pre-testing and validation would be a good idea at some point in the future of HL7 FHIR events.

Q7 I was a track lead or helped run a track at the FHIR Connectathon. **NO**

Page 1: 2019 HL7 FHIR Connectathon Feedback Survey

Q1 The HL7 FHIR Connectathon met my expectations.

☆ **Agree**

Q2 Based on my experience, I would refer a colleague to come to an HL7 FHIR Connectathon.

☆ **Agree**

Q3 I will attend the FHIR Connectathon in Australia in February 2020.

☆ **Slightly Disagree**

Why or why not?: Uncertainty in whether or not I will be working to support a FHIR implementation at that time to justify the expense

Q4 I had the information I needed to be successful at the connectathon.

☆ **Slightly Agree**

Comments: Without a full server implementation to do specific tests with, I worked on implementing the basics. Lack of preparedness was more an issue of just getting into FHIR rather than anything else.

Q5 I would like to participate in structured FHIR Conformance or IG Testing at future FHIR Connectathons.

☆ **Slightly Agree**

Comments: I might be interested in this depending upon how this works.

Q6 Please share your suggestions for doing things better at the next FHIR Connectathon. If you would like us to follow up with you please include your contact information.

The format of the Connectathon is fairly loose and I think worked well. It has the air of a hackathon. I think it could support some tables dedicated to working on specific pieces of reference implementation or examples that need work.

Feel free to reach out to me at: Scott Fradkin sfradkin@flexion.us

Q7 I was a track lead or helped run a track at the FHIR Connectathon. **NO**

Q1 The HL7 FHIR Connectathon met my expectations.

☆ **Strongly Agree**

Q2 Based on my experience, I would refer a colleague to come to an HL7 FHIR Connectathon.

☆ **Strongly Agree**

Q3 I will attend the FHIR Connectathon in Australia in February 2020.

☆ **Strongly Disagree**

Why or why not?: Unable to secure funding

Q4 I had the information I needed to be successful at the connectathon.

☆ **Strongly Agree**

Comments: The connectathon team, track leads I worked with, and confluence site were all fantastic.

Q5 I would like to participate in structured FHIR Conformance or IG Testing at future FHIR Connectathons.

☆ **Strongly Agree**

Comments: I agree with this, but I think that partnering with IHE in order to do this could be very effective. IHE Connectathons already offer more structured testing and leveraging their testing tools may be helpful.

☆ **Strongly Agree**

Q3 I will attend the FHIR Connectathon in Australia in February 2020.

☆ **Slightly Disagree**

Why or why not?: Uncertain about whether the turn-up of key HL7 members will be sufficient

Q4 I had the information I needed to be successful at the connectathon.

☆ **Strongly Agree**

Q5 I would like to participate in structured FHIR Conformance or IG Testing at future FHIR Connectathons.

☆ **Slightly Disagree**

Q6 Please share your suggestions for doing things better at the next FHIR Connectathon. If you would like us to follow up with you please include your contact information.

For use (and I expect also for others) it would be beneficial if we can (in a safe location) place one or more servers/laptops/..., connected to the local network. These can then be used to run sample applications for other participants to test against.

Q7 I was a track lead or helped run a track at the FHIR Connectathon. **NO**
