MDC_PRESS_INTERPL

Deprecated

2::20752

MDC_PRESS_INTRAPL

- Pressure | **InterPleural** | Respiration | Breathing
- **InterPleural** Respir. Pressure
- PPL
- Pressure in **interpleural** space during breathing.

- Pressure | Intrapleural | Respiration | Breathing
- Intrapleural Respiratory Pressure
- PPL
- Pressure in intrapleural space during breathing.

(both in RTMMSv1 and 10101R)

Merges will need review.

MDC_PRESS_INTERPL

Deprecated

MDC_PRESS_INTRAPL

2::20752

- Pressure | Intrapleural | Respiration | Breathing <> Pressure | **InterPleural** | Respiration | Breathing
- Intrapleural Respiratory Pressure <> **InterPleural** Respir. Pressure
- PPL
- Pressure in intrapleural space during breathing. <> Pressure in **interpleural** space during breathing.

**Deprecation, Withdrawl, Preference
only happen within the context of a
Definition.**

**In order to, e.g., Withdraw a Definition,
you simply withdraw all usage of the
RefIDs and TermCodes for that
Definition.**

Fun(?)

MDC_ECG_TIME_PD_PQ_SEG_GL

MDC_ECG_TIME_PD_PQ_SEG

Preferred

Deprecated

- Duration | ECG, PQSegment | Heart | CVS
- P-Q segment
- PQseg
- Duration of the interval between P offset and QRS onset of ECG (global)
(synonymous to PR interval - American)

- Duration | ECG <lead>, PQ segment | Heart | CVS
- PQsegment
- Time period, PQ segment
