## Meeting Summary

### 1) Technical Team Update (Dave H.; Sean M.; Tim S., MITRE)

- Deliverable Updates
  - MITRE is working on 4 parallel tracks (use cases)
  - Currently developing sample data for the use cases, to help provide context to populate the server.
  - Developing the implementation guides (IG) and reference IG for cognitive and functional status groups

### 2) Functional Status & Cognitive Status Subgroup Update (Dave H., MITRE)

- Refer to "PACIO Monthly201912042.pptx"
- MITRE provided an overview of the functional status IG and the cognitive status implementation guide
  - Text summary tab summarizes all the changes that have been made
  - Snapshot table provides the full end result, showing all the items that were not changed
  - Both IG's are very similar
- Draft track proposals have been drafted for three tracks: CMS Data Element Library, Functional Status, and Cognitive Status
  - Requested group to sign up to participate for one of the track proposals
- Track orientation webinar will be held on Dec 16, to review the reference IG

# PACIO
