## Summary

### 1) Leadership Update (Dave H., and Siama R. MITRE)

#### – Administrative Updates:

- The PACIO Project weekly meeting invite, confluence page, and HL7 calendar notice titles have been revised to “PACIO Weekly Meeting” to be more representative of the meeting content.
- PACIO leadership added new subpages for the Advance Directive (AD) and Speech Language Pathology (SLP) use cases on the PACIO Confluence page. However, the PACIO Confluence pages are currently subpages of the HL7 Patient Care Workgroup page. PACIO leadership will join the next HL7 Patient Empowerment Workgroup meeting on October 15<sup>th</sup> to discuss and decide where to organize and save the upcoming AD work as the Patient Empowerment Workgroup, not the Patient Care Workgroup, is primary sponsor for the AD use case development.
- PACIO leadership presented the SLP project proposal to the HL7 Patient Care Workgroup on October 12<sup>th</sup>. The Patient Care Workgroup voted and approved sponsoring this work. PACIO leadership will meet with the American Speech-Language-Hearing Association (ASHA) to further discuss and develop the SLP project scope statement.

#### – Functional and Cognitive Status IG Balloting

- The HL7 Patient Care Workgroup met on October 12<sup>th</sup> and approved the final draft of IG content for balloting.
- PACIO leadership is integrating final feedback from Patient Care Workgroup members into the IG and is on track to deliver the final content to HL7 on October 15<sup>th</sup>.

# PACIO

- The ballot comment period begins October 20<sup>th</sup> and continues until November 20<sup>th</sup>.
- Nomination and Interview Process for New Use Cases
  - The deadline to nominate use case leads was on October 9<sup>th</sup>. PACIO leadership will begin interviewing candidates this week and will formally announce the use case leads next week.
  - PACIO leadership reviewed changes to the PACIO Project Roles and Responsibilities document. Refer to the document for a comparison of the original roles and responsibilities established in June 2019 to the new, updated roles and responsibilities reviewed during today's meeting.
  - The workgroup provided feedback on the clinical and technical support description changes. PACIO leadership will revise the document and send it to the workgroup to review prior to the October 21<sup>st</sup> meeting.

## 2) Advance Directive Use Case Update (Matt Elrod and Maria Moen)

- Maria informed the workgroup that the AD project scope statement was submitted to the HL7 to begin the approval process on October 8<sup>th</sup>.
