This meeting is being recorded. In all discussions, members should be aware that meetings are recorded and include representatives of companies that compete with one another in the marketplace. This working group is a public forum and therefore all information shared will be publicly available.

Summary

1) Leadership Update (Dave H. and Sean M., MITRE)

- HL7 FHIR Dev Days occurred virtually June 15, 2020–June 18, 2020, with 750 attendees from 27 countries.
- HL7 FHIR Dev Days conference focused on FHIR development, education sessions, FHIR community updates, “build it” sessions, and other topical sessions.
- As part of the Community Update track representatives of the PACIO Project presented a brief background on The IMPACT Act, PACIO Project, and results from the May 2020 Connectathon.
- Next Steps for PACIO
 - Substantive changes to the Implementation Guide (IG) need to be completed prior to July 5th, to prepare for balloting for Standard for Trial Use 1 (STU1).
 - The FHIR Management Group has approved both the Functional and Cognitive Status balloting proposals.
 - PACIO continues to meet weekly with the Community Based Care and Privacy Work Group (CBCP) and the Patient Care Work Group to discuss the progress of the IG. Thus far, the workgroup has provided positive feedback for both the Functional Status and Cognitive Status IGs.
 - PACIO is working with The DaVinci Project and Gravity Project, to ensure the two coding systems are in alignment as we prepare for ballot.

- PACIO is working on developing language for each IG to address the sensitivity of data. The IG will recommend protecting sensitive data as well as referencing FHIR standards to protect such data.
- PACIO will be presenting at the Health IT Connect Conference July 9, 2020
- PACIO will be presenting at the CMS API Summit on July 13, 2020-July 15, 2020

2) **Functional Status** (Sean M., MITRE)

- MITRE provided an overview of the recent updates to the Functional Status IG.
- The group reviewed each of the profiles: BundledFunctionalStatus, FunctionalStatus, QuestionnaireResponse, PriorLevelofFunction, and UseofDevice.
- PACIO will continue to finalize the Functional Status IG in preparation for ballot.

3) **Cognitive Status** (Dave H., MITRE)

- MITRE provided an overview of the recent updates to the Cognitive Status IG.
- The group reviewed each of the profiles: CognitionQuestionnaireResponse, BundledCognitiveStatus, CognitiveStatus, PriorLevelofCognitiveFunction, and UseofDevice.
- PACIO will continue to finalize the Cognitive Status IG in preparation for ballot.

4) **Q&A session**

5) **Next Meeting:**

- Wednesday, July 15, 2020, 10:00 am - 10:30 am

6) **Adjourn**
