## Summary

**Leadership Update and Review of Use Cases** (Dave Hill, MITRE)

**1) Leadership Update** (Dave Hill) (30 mins total)

- **The presentation slide deck can be accessed at**  
<https://confluence.hl7.org/download/attachments/86977192/2021-07-28%20PACIO%20Monthly%20Update.pptx?version=1&modificationDate=1627485923396&api=v2>
- **PACIO Highlights from CMS Connectathon (July 20-22, 2021)**
  - PACIO leadership reviewed the **PACIO Re-assessment Timepoints Use Case** and Connectathon results.
    1. Successfully exchanged data between 7 systems from 5 developers using a majority of the planned STU1 (Standards for Trial Use 1) Implementation Guide (IG) Core data elements and successfully tested the Reference Implementation (RI).
    2. Successfully demonstrated the creation of new re-assessment timepoints. Multiple clients retrieved the clinical assessments organized by Timepoints from the Health Data Manager (HDM).
    3. No IG issues were found and PACIO Leadership will continue to socialize and prepare for balloting.
- **Use Case Updates**
  - **Advance Directive Information (ADI)**

# PACIO

1. PACIO Leadership provided a project overview and update including plans for a PACIO ADI Track at the September HL7 Connectathon.
2. Subgroup leadership is considering an early January 2022 HL7 ballot.

- **Speech, Language, Swallowing, Cognitive Communication, and Hearing (SPLASCH)**

1. The SPLASCH team is using Mural boards to help define clinical information needed for exchange and the types of systems involved.
2. The subgroup leadership team continues work drafting the SPLASCH use case and personas to augment the previously defined Project Scope Statement (PSS).

- **Functional and Cognitive Status Ballot Reconciliation**

1. PACIO Leadership is starting the publication process for Cognitive Status since ballot reconciliation is completed.
2. The Functional Status Block Vote 1 was approved by the Patient Care Work Group (WG) and Block Vote 2 is expected to be presented for their approval on August 9.
3. The Tech Team is working on a Block Vote 3 for presentation to and anticipated approval by Patient Care WG on August 23. Publication processes would begin shortly thereafter.
