Summary

Leadership Update and Review of Use Cases (Dave Hill, MITRE)

1) Leadership Update

- **The presentation slide deck is available at**
<https://confluence.hl7.org/download/attachments/86977192/2021-08-25%20PACIO%20Monthly%20Update.pptx?version=1&modificationDate=1629913233483&api=v2>
- **Use Case Updates**
 - **Speech, Language, Swallowing, Cognitive Communication, and Hearing (SPLASCH)**
 1. The SPLASCH team is revising their Project Scope Statement (PSS) to incorporate feedback from their sponsoring Work Group and input from the PACIO community.
 - Updated language in the scope section to reflect International Classification of Functioning, Disability and Health (ICF) and provided examples.
 - Added details to the tentative dates section.
 2. The subgroup leadership team plans to present the revised PSS to the Community-Based Care and Privacy (CBCP) and Patient Care Work Groups (PCWG) and request approval. Their goal is to have the approved PSS submitted by PCWG to the HL7 Project Management Office by October 8, 2021.

PACIO

- **Functional and Cognitive Status**

1. PCWG has addressed and approved all Cognitive Status ballot tickets.
2. PCWG has addressed and approved all but one Functional Status ballot tickets. To address the outstanding ballot ticket, the Tech Team scheduled meetings with the HL7 Orders and Observations Work Group and PCWG to determine how to represent summary scores using Observation resources.
3. The Tech Team reached out to voters who submitted negative ballot comments to request they rescind their negative votes. Both IGs now exceed the 60% positive threshold needed for STU1 publication.

- **Re-assessment Timepoints**

1. PACIO Leadership provided an overview of the use case.
2. No issues identified in the IG during the July CMS Connectathon.
3. Next step is to prepare the Implementation Guide for January 2022 STU Ballot.

- **Advance Directive Interoperability (ADI)**

1. PACIO Leadership provided a project overview and update of the PACIO ADI Track for the September HL7 Connectathon including:
 - Use case 4 (Update content) and Use Case 5 (Verify current version of advance directive content) related to "Content Type 1" Advance Directive Information.
 - Identified IG development focus areas.
 - Authenticated/Authoried Access (security)
 - Contained Document (Snapshot) Communication
 - Document Authentication
 - Document Versioning
 - HCA Authority (Consent or Observation)
 - Intervention as a ServiceRequest
 - Advance Directives as part of CarePlan
2. The sub-group leadership team discussed use of and potential improvements to the Consent Resource with the HL7 Community-Based Care and Privacy Workgroup.
3. The sub-group leadership team walked through new visualizations for ADI content in the CarePlan Structure and FHIR Resources for Health Care Agent and Consent.
