

Sept 1 Update

- **Aug 9 PCWG made recommendations for PSS updates including-** Refine the scope; analysis of the information that will need to be exchanged - provide a few examples of the analysis; mention the end results - e.g. profiling FHIR resources by providing definition. Revisit the timeline when the scope is updated. PACIO group is okay with deferring vote until next update provided.
- SPLASCH Use Case group met 8/24 to discuss and revise PSS.
 - Updates made to language in scope section to reflect International Classification of Functioning, Disability, and Health (ICF) with examples.
 - Details added to tentative dates section
- Met with CBCP 08/31
 - No concerns with modifications, approval stands.
- Meeting with PCWG 9/13
 - Goal to have PSS submitted to PMO by PCWG by 10/8
 - Plan to participate in May 2022 Connectathon
- SPLASCH subgroup next meeting is Sept 7 from 3-4 EST.
