2) Leadership Update and Review of Use Cases (Dave Hill)

Topics covered include:

- PACIO Overview and Use Case Updates
 - **Speech, Language, Swallowing, Cognitive Communication, and Hearing (SPLASCH)**
 1. Current work is prioritizing and aligning International Classification of Functioning, Disability and Health (ICF) concepts to SPLASCH domain areas
 - Prioritization survey performed for content domains
 - Goals include to determine:
 - Range of formats SPLASCH information will need to be shared (Observations, others?)
 - Applicable code systems and value sets
 2. SPLASCH Artifacts
 - **Advance Directive Information (ADI)**

PACIO

1. Background on person-authored (STU-1) and practitioner-authored (STU-2) advance directive information
 2. HL7 January 2022 ballot update
 - Block Vote 1 sent to Patient Empowerment for approval
 3. PACIO will focus on an ADI Track at the CMS virtual Connectathon July 19-22, 2022
 4. HIMSS Interoperability Showcase Vignette (March 2022)
 - Large EHR vendor (Cerner) and others will demonstrate sharing ADI information in a mock emergency room vignette using the PACIO ADI STU-1 FHIR Implementation Guide (IG)
 - Maria Moen from AD Vault leads the ADI Use Case and is facilitating this demonstration at HIMSS
 5. ADI Artifacts
 - **Re-assessment Timepoints**
 1. HL7 January 2022 ballot update
 - Block vote 1 sent to Community Based Care and Privacy Work Group for approval
 - Met with HL7 FHIR Infrastructure on a generalized approach to search parameters
 2. Re-assessment Timepoint Artifacts
 - **Functional Status and Cognitive Status**
 1. Standard for Trial Use 2 (STU-2) considerations focus on tighter code systems and value sets
 2. Potential model to emulate (Gravity Project) could allow multiple domains to share the same profile
 - Evaluating ICF domains to define future opportunities for consolidation, which also might include SPLASCH
 3. Functional Status and Cognitive Status Artifacts
- Upcoming HIMSS Global Conference Sessions (March 14-18, 2022)
 - Conference information is available at:
<https://www.himss.org/global-conference>
 - PACIO leadership will present at 4 sessions (see presentation slides for details)
 - Maria Moen (AD Vault) and Jessica Skopac (MITRE) will represent PACIO
 - May HL7 Connectathon (virtual, May 2-4, 2022)
 - Focus on integration of multiple IGs
 - All are invited to join the planning during the Tech Team meetings on Thursdays (2-3pm ET)
 - July CMS Connectathon (virtual, July 19-22, 2022)
 - Test exchange of ADI practitioner-authored information
 - PACIO and HL7 Meetings Schedules and Project Resources
 - Details for multiple meetings are linked within the presentation deck

PACIO

3) Walk on topics and questions

- PACIO leadership answered a question about whether the concept of “frailty” is currently addressed in PACIO IGs. At present, there has not been a specific identification of frailty within the functional status IG or others. However, PACIO leadership is open to see how specific frailty indexes or other frailty related information might be expressed as our understanding of ICF domains increase and IG re-design continues.

4) Next Meeting

- Wednesday, March 16, 2022, 10:00 am – 10:30 am EST

5) Adjourn
