

PACIO Weekly Meeting

Time: Wednesday, May 25, 2022, 1:30 pm – 3:00 pm ET

Location: ZoomGov Meeting

Meeting ID: 160 985 6747

PACIO Project Website: www.PACIOproject.org

PACIO Project HL7 Confluence:

<https://confluence.hl7.org/display/PC/PACIO+Project>

This meeting is being recorded. In all discussions, members should be aware that meetings are recorded and include representatives of companies that may compete with one another in the marketplace. This working group is a public forum and therefore all information shared will be publicly available.

Summary

1) Leadership Update (Dave Hill)

- Leadership update presentation slides are available at:
<https://confluence.hl7.org/download/attachments/86977192/2022-05-25-PACIO-Leadership-Update.pptx?version=1&modificationDate=1653659181971&api=v2>
- Functional Performance (FP) IG:
 - Goal to include Functional Status, Cognitive Status, and SPLASCH into the new Functional Performance IG.
 - The concept was discussed prior to the May Connectathon; Connectathon activities solidified the idea.
 - Instead of creating new IGs with new profiles, we can speed up development by using a single IG and add new code systems and value sets. Take advantage of similar structure. All these IGs are primarily observation-based.
 - Functional Status and Cognitive Status are published as STU 1 standards. Future development of these IGs will be In FP IG.
 - SPLASCH has not yet been balloted as a standalone IG, will be combined into FP.
 - Re-assessment Timepoints and ADI will remain separate IGs because they do not follow the same design patterns as others, ie they are not observation-based only.
- Upcoming events:
 - FHIR Dev Days
 - July 6-9, 2022 Hybrid (virtual and Cleveland, OH)
 - Can still register, but early bird deadline was May 6.
 - Nancy Lush and Dave Hill will present PACIO use case.

PACIO

- July 2022 CMS FHIR Connectathon - 3
 - PACIO ADI is one of the 12 tracks being featured
 - ADI STU-1 patient-authored information, breakout room for ADI STU-2 practitioner-authored information
 - Zero cost to participate
 - Registration deadline is May 31
- Dave Hill will speak at an ASPE Frailty event later today May 25, 2022

2) PACIO Listening session (Leah Allen, Jessica Skopac)

- An opportunity to share data exchange experiences in LTPAC interoperability landscape
- Feedback received will be aggregated and not attributed to any individual
- Themes discussed included:
 - Challenges (Multiple layers of connection points and different interfaces, lack of standardization, FHIR is not widely used, and Financial Implications)
 - Existing Opportunities to Further Explore (National Directory, HL7's Financial Management WG, Patient Identification, and General Education)
 - Future State Opportunities (Greater Engagement, Represent the Voice of the Patient, and Sharing and Patient's Own Data with Them)

3) Walk on Topics from Members

- None

4) Documentation of Decisions and Action Items

5) Adjourn
