## Re-Assessment Timepoints

- IG is published. It has generated some interest in the last 3 weeks. Exploring further.

## Conferences and Outreach

- Attended and presented at the HL7 Working Group Meetings May 8-12 in New Orleans.
- Received the following feedback:
  - Use of Observation.method has potential overlaps. Also overlaps in value sets with other IGs.
  - Possible overlap with Physical Activity IG – wearable devices and exercise. Following up to determine if there are places to align / compliment. Requesting to align value sets.
  - ADI work is getting notice at HL7, including top leadership!
  - FHIR resources for Care Preference. No clear direction, but multiple leads.
- Provided a Birds of a Feather Presentation to attendees of the Senior Living Executive Conference and Expo; this was a new audience for PACIO materials, and it was well received!
