- **Additional Leadership notes:**
- Taking a 2-week hiatus from weekly ADI subgroup meetings (normally Wednesdays 12:00-1:00 pm ET) to focus on heads-down terminology work. This hiatus is separate from the recent change in ADI leadership. The ongoing work on ADI STU-1 Block Votes will continue in parallel.
- May 2023 HL7 Connectathon May 6-7, 2023 followed by workgroup meetings May 8-12, 2023.
- Submitted an abstract for FHIR Dev Days which will occur in June in Amsterdam.
- Call out for pilot participants. If interested in participating in a pilot for any PACIO use case, please reach out to Karl Naden knaden@mitre.org

4) USCDI Draft v4 Comments (Howard Capon)

- Maintaining a spreadsheet with broad strokes of topics or areas that the PACIO community intends to comment on for USCDI (United States Core Data for Interoperability) Draft v4. To contribute to this effort, email Howard Capon HCapon@mitre.org
- **A community member suggested thinking of** a way to express in comments how FS/CS may bolster health equity

5) Personal Functioning and Engagement (Karl Naden)

- Personal Functioning and Engagement (PFE) slides available here:
<https://confluence.hl7.org/download/attachments/86977192/2023-02-08%20PFE%20Section%20GG%20domains.pptx?version=2&modificationDate=1675889005947&api=v2>
- Domains and Categorization of Observations for PFE IG: Working with SPLASCH and Functional/Cognitive Status subgroups to use ICF (International Classification of Functioning, Disability and Health) to develop categories.
- Provided an introduction and review of this ongoing effort, and then opened the meeting for a group discussion. Some relevant comments are captured below.
- A participant expressed that it makes sense for Observations to focus on ICF items that are mechanical and observable (example: swallowing, as opposed to functions of the digestive system.)
- A participant stated “we’re never going to get consistency beyond first level of self-care. PTs are concerned with mechanical movements and safety. Other providers (SLPs, dieticians, etc.) will have a different perspective.”
- A community member shared CMS Guidance on this question (about GG0130 Self-Care, GG0130A Eating) is on page 135 of the OASIS E Manual - <https://www.cms.gov/files/document/oasis-e-guidance-manual51622.pdf>
