Welcome to the Confluence Pages of Health Level 7 (HL7) International

Welcome to HL7's community workspace for creating health data standards that advance global interoperability.

Here in Confluence you'll find the documentation of how we create HL7 standards, the decision making records and notes across all of our sub-groups, and a trove of resources about the HL7 community, its processes, and events.

This site is a community space. Please mind your manners. We welcome your help in keeping it vibrant and up to date by contributing edits, comments, and questions.

A great place to start your HL7 adventure is with the HL7 Essentials page. You can also find tips and documentation for using Confluence and Jira in your HL7 work. If you're new here, you'll need to request a free account before participating.

**About HL7 International**

Health Level Seven International (HL7) is a not-for-profit, ANSI-accredited standards developing organization dedicated to providing a comprehensive framework and related standards for the exchange, integration, sharing, and retrieval of electronic health information that supports clinical practice and the management, delivery and evaluation of health services.

HL7 is supported by more than 1,600 members from over 50 countries, including 500+ corporate members representing healthcare providers, government stakeholders, payers, pharmaceutical companies, vendors/suppliers, and consulting firms.
