

# CodeX Membership

## Members

Organizations and individuals who are members of CodeX are leaders in the quest for Smarter Data in the Fight Against Cancer. Thanks to all who are pioneering together in this journey!

Contact [Steve Bratt](#) or [Greg Shemancik](#) to discuss membership and the range of [membership options](#). Opportunity to be a Founder ends on June 30th, 2020.

| Organization  | Member Type            | Founder |
|---|------------------------|---------|
| <a href="#">Alliance for Clinical Trials in Oncology Foundation</a> | Premier                | ★       |
| <a href="#">ASTRO</a>   | Premier                | ★       |
| <a href="#">Cancer Insights</a>                                     | Developer /Implementer |         |
| <a href="#">EMD Digital</a>   | Premier                | ★       |
| <a href="#">HL7</a>   | Premier                | ★       |
| <a href="#">MITRE</a>   | Premier                | ★       |
| <a href="#">Pfizer</a>  | Premier                | ★       |

## Community of Practice

### Participating Organizations

The CodeX/mCODE [Community of Practice \(CoP\)](#) aims to improve cancer care and research by gathering health systems to develop best practices for implementing mCODE and use-case-based extensions into production EHRs and other systems.

Organizations participating in the CoP to date include:

- ASTRO
- Brigham and Women's Hospital
- Cancer Insights
- Center for International Blood & Marrow Transplant Research
- Dana Farber Cancer Institute
- Duke University Health System
- Epic
- Intermountain Medical Center
- Kaiser Permanente
- Mayo Clinic
- Memorial Sloan Kettering Cancer Center
- Trinity Health/Saint Joseph Health System
- University Health Network, Toronto
- University of California San Francisco Medical Center
- University of Texas Southwestern Medical Center
