Here is the file for CPS1-3 for the Dental FP call on 10-24-2019. Please open in Excel for the best view.

[CPS1-3masterJMfor 10-24-2019DentalFPCall.xlsx](#)

Here is the file for CPS1-3 with the notations made during the 10-24-2019 Dental FP call. CPS3 in this file will be the starting point for the next call on 11-21-2019. Please open in Excel for the best view.

[CPS1-3masterJM AFTER 10-24-2019DentalFPCall.xlsx](#)

Here is the file for the Dental FP call on 12-5-2019. This file includes the comments from the 11-21-2019 call. We will start with CPS4 on 12-5 and hope to complete CPS4 and CPS6 on that call. Please note that we have previously completed CPS1-3 and CPS5. Please file open in Excel for the best view.

[CPS1-6 master for Dec 5 2019 Call.xlsx](#)

We will use the attached file for the 12-19-2019 call. We will start with CPS 7 and try to get all the way to CPS 10. We finished up to CPS 6 on the last call. Previous comments appear in the attached file in yellow highlight after the row receiving a comment. Please open the attached file in Excel for the best view.

[CPS1-10 master FOR Dec 19 2019 Call.xlsx](#)

The files below summarize the status of the files for the Dental Functional Profile. The first file has dental comments for CPS 1-10, while the second file has the dental comments for CP 1-9 as well as the comments for AS, POP, RI, and TI (in the FM-Errata tab starting with row 1265). The Overview has not been written yet and will follow after the final draft for the other sections is reviewed and approved by the working group. Please open the files below in Excel for the best view.

We had a great meeting at SCDI in Chicago and the files attached below are the approved SCDI WG 11.1 output for the HL7 Dental FP.

The HL7 Notification of Intent to Ballot Form has been filed with a requested ballot period of April 10-May 11. Dr. Andrew Casertano will populate the HL7 SPARX tool and I will write the Overview Chapter for the ballot document package that will be produced from the SPARX tool.

The progress of the HL7 Dental Functional Profile Project will be documented here. We will also communicate progress via e-mail and we may need another call to review the Overview Chapter for the Dental FP. I will schedule another call as needed.

Thanks to your participation, we are making great progress.

I will be back in touch with the SCDI WG 11.1 members at the appropriate time. In the meantime, if you have any questions or need any additional information, please do not hesitate to contact me via [ggzeller@aol.com](mailto:ggzeller@aol.com).
