

# 2020-06-12 Atlassian Developers Meeting Agenda

Item	Who	Notes
Roll Call	MP	<ul style="list-style-type: none"> <li><input checked="" type="checkbox"/> Wayne Kubick</li> <li><input type="checkbox"/> David Johnson</li> <li><input checked="" type="checkbox"/> Lorraine Constable</li> <li><input type="checkbox"/> Tony Julian</li> <li><input checked="" type="checkbox"/> Lloyd McKenzie</li> <li><input type="checkbox"/> Ted Klein</li> <li><input type="checkbox"/> Jean Duteau</li> <li><input checked="" type="checkbox"/> Josh Procius</li> <li><input type="checkbox"/> Marc Duteau</li> <li><input type="checkbox"/> Andrew Statler</li> <li><input type="checkbox"/> Dave Hamill</li> <li><input type="checkbox"/> Jessica Snell</li> <li><input type="checkbox"/> Patrick Loyd</li> <li><input checked="" type="checkbox"/> Melva Peters</li> <li><input type="checkbox"/> Austin Kreisler</li> <li><input type="checkbox"/> Lynn Laakso</li> </ul>
Ballot Project	LM/MP	<ul style="list-style-type: none"> <li>• Spreadsheet Issues - still looking at ways to solve some of the quality issues with the spreadsheets</li> <li>• CDA and V2 Specification Projects created in Dev so that we can start with test migrations from STU comment page and Gforge - Don Lloyd working on this</li> <li>• Priority once DevDays is complete - will focus on changes so we can move FHIR independent code to Prod               <ul style="list-style-type: none"> <li>• target is by June 26</li> </ul> </li> </ul>
Webmaster's Report	DJ/JP	<ul style="list-style-type: none"> <li>• EC2 instance               <ul style="list-style-type: none"> <li>• Cloud hosted computer that runs and hosts Crowd (user management and SSO server) - instance went down hard and when it came back up - kernel error</li> <li>• issue resolved by</li> <li>• Amazon contact - Patrick Holmes - his account at Amazon                   <ul style="list-style-type: none"> <li>• shared information with him, but haven't heard back yet</li> <li>• haven't gotten quick responses from him in the past</li> </ul> </li> <li>• there are backups of all of this</li> <li>• had back up in about 2 hours</li> <li>• sit on different instances for each web site</li> <li>• need a technical architecture drawing</li> <li>• need to keep track of these instances</li> <li>• load balancing Crowd server</li> <li>• if no response from Patrick by Wed next week - will start to look at own solution</li> <li>• should be okay for Jira Balloting - up to 10,000 users - okay to scale</li> <li>• Does SSO and Crowd scale - Josh confirmed they do</li> </ul> </li> <li>• System Diagrams - has not progressed               <ul style="list-style-type: none"> <li>• DJ has been working with Bryn</li> <li>• DJ will provide progress report on next JiraCon Call</li> </ul> </li> <li>• Some users didn't have access to Confluence when it came back up               <ul style="list-style-type: none"> <li>• should make sure people know how to handle this - update FAQ - Josh</li> </ul> </li> </ul>
JIRACon Project	JP	<ul style="list-style-type: none"> <li>• Gforge License               <ul style="list-style-type: none"> <li>• Lynn is working on this</li> <li>• Josh will followup</li> </ul> </li> <li>• Confluence calendars               <ul style="list-style-type: none"> <li>• working on updates to see if we can make it easier to read</li> </ul> </li> <li>• Archiving Gforge documents/SVN               <ul style="list-style-type: none"> <li>• just started to look at what is there and where it will go</li> <li>• V3 model files - needed in case we re-generate</li> <li>• EA Models - need to migrate to EA Cloud</li> </ul> </li> </ul>

STU Comment/Jira Migration	MP	<ul style="list-style-type: none"> <li>• CDA and V2 Specification Projects created in Dev so that we can start with test migrations from STU comment page and Gforge - Don Lloyd working on this</li> <li>• waiting for V2 and CDA management groups to create files and do pull requests</li> </ul>
Gforge Tracker Jira Migration	MP	<ul style="list-style-type: none"> <li>• have archived most JIRA projects</li> <li>• still 2 projects - Technical Services and System Admin <ul style="list-style-type: none"> <li>• Technical Services - DJ uses - assigns tasks to Bryn through this</li> <li>• System Admin - Bryn uses this one</li> </ul> </li> <li>• Website updates - hl7.org</li> <li>• Can we hide some of the projects - Josh to look at which can be changed to HL7 Staff only.</li> </ul>
UTG Project	TK	<ul style="list-style-type: none"> <li>• no issues at this point - still working on governance process with SGB and training</li> </ul>
Parking Lot	WK/JP	<ul style="list-style-type: none"> <li>• 508 Compliance - in IG templates - should we do this in the templates we publish? <ul style="list-style-type: none"> <li>• people have been asking for it - US Government and Europeans</li> <li>• ONC has not been pushing for this</li> <li>• would be happy to implement if someone provided a template or guidance</li> <li>• has this been discussed with FHIR IG Template <ul style="list-style-type: none"> <li>• not a cheap or easy process</li> <li>• waiting for someone to help with this</li> </ul> </li> <li>• no money left in ONC funding</li> <li>• Wayne will raise with ONC</li> <li>• it is possible that the FDA might care - maybe through Vulcan</li> <li>• Wayne will ask around</li> </ul> </li> </ul>
