

# Gravity Project Executive Committee

The Executive Committee is responsible for approval and governance of the Gravity Project through the following main activities:

1. Approves overall strategic priorities with input from the Program Management Office (PMO) and Strategic Advisory Committee, at least annually.
2. Reviews and approves budgets and budget narratives.
3. Approves and oversees Contracts.
4. Approves the Guidelines and any amendments, as needed.
5. Supports the PMO in fundraising by identifying and reaching out to potential sources of funding, as needed.
