Notice of Intent to Ballot PHD and PoCD Proposed

Moved by Brian Reinhold, Seconded by Stefan Karl: 8-0-0

John has filled in the form for PHD Notice of Intent to Ballot, will submit

Description of PoCD submission: "The proposed document is a FHIR STU Implementation Guide for a Point-of-Care medical device, specifically a method for making available clinical observations on a patient from a physiological monitor including ECG and pulse oximetry data.

Changes to reflect comments received in 2018-Jan informative ballot, and adjustments needed due to changes in underlying FHIR resource definitions."
