Agenda and Minutes

Agenda Item	Lead	Minutes
HL7 WGM for February	Nathan	Need to review agenda and any outstanding todo items for prep.
PSS for Conformance in FHIR	Ioana	<p>Status update on PSS for FHIR</p> <p>Need to decide what we should do with this. Rob sent an email to Ioana to ask for who might also be interested in this project and will be moving this forward. There was interest in VA in moving this forward but there has been a transition of tasks this month. In January we should know more from VA. VA is currently doing funding on a quarter-by-quarter basis. So things are in flux.</p> <p>Meet with FHIR-I in February. Ioana will be going to the meeting in February. Need to pick this up as the main topic in January meetings so we can be prepared for the discussion with FHIR-I.</p> <p>Notes from last time:</p> <p>Conformance, Guidance and Best Practices for FHIR Implementation Guides PSS</p> <p>Ioana will re-circulate the PSS to ARB, US-Realm, Vocab and FHIR-I. See if they have any comments. We can start working on extensions now even before the white paper is completed. Will look to including Netherlands. Also keep Robert Scanlow from MITRE in the loop.</p> <p>Ioana and Frank should update: FHIR US Conformance: Specification Outline</p>
