

2019-10-04 Meeting notes

Date

04 Oct 2019

Attendees

- Craig Newman
- Nathan Bunker
- Brian Lee
- Daryl Chertcoff
- Eric Larson
- Heather Patrick
- Andrew McCaffrey

Discussion items

| Item | Notes |
|--------------|--|
| Review | <ul style="list-style-type: none">• Restarting the Friday morning calls<ul style="list-style-type: none">• This time will be used to review ballot recon comments and propose dispositions that can be taken back to the HL7 Public Health work group for official resolution• Nathan presented on the project to the HL7 WG in Atlanta at the September WGM |
| Ballot Recon | <ul style="list-style-type: none">• STU ballot (round 2) in September 2019 ballot cycle<ul style="list-style-type: none">• 46 affirmative• 5 negative• 16 comments<ul style="list-style-type: none">• 1 duplicate• 3 negatives• There is still a push from the CDS folks to use CDS Hooks<ul style="list-style-type: none">• May need to dust off our previous analysis and maybe add a short "boundaries" section to the IG• Maybe we need to rename to "immunization decision support" to better reflect the scope of the IG• Nathan will take a first pass at organizing and proposing solutions<ul style="list-style-type: none">• He'll try and circulate the proposals a day or two ahead of the Friday call |
| Future Plans | <ul style="list-style-type: none">• Unless the ballot recon results in substantive changes, we should be able to publish Release 1 of the IG after ballot recon is complete (maybe late 2019 or early 2020)• Could do another round of ballot to increase scope (other patient information, immunities, etc) in May 2020 or so• Could try and do a Connectathon in September in Baltimore• It's not clear if the new FHIR balloting requirements (FMM 2 with at least 3 groups testing at a Connectathon) will apply to future expansion of scope for the IG<ul style="list-style-type: none">• We may have already met this in previous Connectathons |
