Contract

Owing committee name
Financial Management as custodian

Contributing or Reviewing Work Groups
- CBCC
- Security

FHIR Resource Development Project Insight ID
994

Scope of coverage
The Contract resource is used as the basal resource to convey information of all manner of contracts for financial (eg. Insurance policies), business arrangements (eg. supply contracts) and privacy and security (eg. consent directives).

RIM scope
Contract

Resource appropriateness
Contract resource is the base resource for contracts, policies, and consent directives.

Expected implementations
This is a key resource expected by most Healthcare billing implementations where Health care products and services are provided.

Content sources
Existing normative V3 and V2 specifications

Example Scenarios

Resource Relationships
Refers to Patient, Practitioner, Organization or other resources which may be the subject of the contract or a clause (term) within the contract. Is referred to by Coverage. May be referred by a resource which needs to convey consent directives.

Timelines
Ready for DSTU 2
