Scope of coverage
The PendedRequest resource provides supporting information for the poll request. The response to this is a previously undelivered response or a StatusResponse (or other acknowledgement which may contain errors).

RIM scope
Poll

Resource appropriateness
This is required where either the Payor requires a specific request for outstanding responses or the transport does not support a 'Get Operation' with search parameters.

Expected implementations
This is a key resource expected by most Healthcare billing implementations where Health care products and services are provided.

Content sources
Existing normative V3 and V2 specifications, Canadian Specifications

Example Scenarios

Resource Relationships
Refers to any outstanding response resource. Is referred to a Pended or Poll Request.

Timelines
Ready for DSTU 2
