

HL7 Work Groups & Projects

Work groups are the bodies within HL7 that take on responsibility for developing and maintaining standards. They are where the "work" of HL7 gets done. HL7 has a large number of work groups covering the spectrum of the healthcare space. All work groups are open to participation by anyone with an interest in their content.

| Work Groups | | Product Families | |
|----------------------------------|--------------------------------------|------------------|---|
| Administrative Steering Division | Electronic Health Records | CDA | |
| | Financial Management | FHIR | |
