## Active Projects

### Project 1609 - Patient Medication List Guidance

#### Review September 2020

- Possible January 2021 cycle for ballot - content ready mid November
  - may be a push given the amount of work
- update Milestone - January 2021 ballot cycle

### Project 1573 - Specialty Medication Prescribing

#### Review September 2020

- Participated in the Connectathon in September
- received some feedback
- looking to add some content
- looking to get more implementation experience by the end of October
- will review guide on upcoming teleconference
- Target ballot cycle is January 2021 cycle
- Melva will update PI with new dates and new milestone - January 2021 WGM

### Project 1529 - Standardized Medication Profile

#### Review September 2020

- need to update dates
- have started working on White Paper - won't likely be ready for January 2021 Ballot
- Target May 2021 ballot cycle

- update milestone date for January 2021 WGM

## Project 1393 - Update to US Meds - Prescription drug monitoring programs

### Review September 2020

- balloted this cycle - need to complete ballot reconciliation

### Review September 2019

- Melva Peters to followup with Lynn about this project - based on project reports - should be STU period

### Review May 2019

- will discuss this WGM
- STU is expiring so at a minimum we need either ballot as Normative or do the work to update to R4

### Review January 2019

- Need to figure out why it hasn't been published
- Discuss with US Core about updates to US Meds.

### Review September 2018

- publication request has been submitted to TSC
- Once published, this project can be closed

### Review May 2018

- balloted in May 2018 - reconciliation underway

## Project 1239 - FHIR - continued work on resources

### Review September 2020

- milestone date January 2022 WGM

### Review February 2020

- no changes for milestones

### Review September 2019

Propose we extend this project milestone - extend to 31 December 2021

- Melva Peters will update project

### Review May 2019

- ongoing tracker items
- MedKnowledge
- changes to Medication based on MedicationKnowledge
  - Will there be a change to point to Ingredient?
- presentation to IC about implementations
  - are there regulatory agencies making decisions about FHIR versions?

### Review January 2019

- will continue to work on resources - may be changes to Medication - likely not ready for normative
  - concern from Epic - need to know up front any proposed changes to Medication based on MedicationKnowledge
- review maturity level of all resources
- Melva Peters will follow up with Peter Jordan about NZ implementations

## Review May 2018

- no change to status - continuing to work on this project

## Potential New Projects

- FHIR IGs
  - Medication Administration Records (MAR) - institutional and home
    - lowest priority
- Inpatient Dispensing Verification Queue - Dennis Tribble
  - Dennis confirmed that this project is on hold for now
- Patient Access
  - [Tom de Jong](#) to get use cases/extensions from NL
  - NL has FHIR profiles for patient access to medication data - create extensions
  - Goal is to review the extensions to see if they should be in FHIR core resources
- MTM FHIR IG - NCPDP Project
  - Draft PSS is created
  - Put on hold by NCPDP
  - Will start with Project Proposal when it's ready
- TBD - Mapping from FHIR to CDA to V3 as proposed in Pharmacy Template Ballot
  - Review September 2020
  - Review September 2019
    - [Melva Peters](#) to forward this to the CDA management group
  - Review May 2019
    - pass on to CDA management group
  - Review January 2019
    - CDA Management Group is doing some mapping work
    - [Melva Peters](#) Pass on to CDA Management Group to ensure that pharmacy material is included
  - Review September 2018
    - further discussion in joint meeting with Structured Documents
  - Review May 2018
    - added in May 2018
    - Review FHIR to CDA to V3 mapping project in Baltimore
- FHIR Guidance for Pharmacogenomics - added September 2020
  - Tejay Cardon - Tabula Rasa Healthcare
  - IG related to how to represent metabolism phenotypes in a pharmacy setting - determine through genetic testing
    - maybe O&O and Clinical Genomics WG involvement
  - At least 6 months before may be ready to take forward

## 3 year Plan Items

### 1483 - Pharmacy Domain Analysis Model

#### Review September 2020

- may be of value externally
- low priority based on the other work we have on our place
- Voted to close

#### Review February 2020

- leave for now, discuss in May 2020

[Melva](#) will review timelines in Project Insight and update

#### Review September 2019

- Leave as a 3 year plan item - review again in February 2020

[Melva Peters](#) to update project timelines

#### Review May 2019

- Leave it as a 3 year plan item - review again in September 2019

#### Review January 2019

- Leave it as a 3 year plan item - review again in September 2019

## Review September 2018

- Create 3 year plan item

## Review May 2018

- Discuss DAM project proposal on teleconference before Baltimore

## 1606 - e-Prescribing Guidance FHIR Implementation Guide

### Review September 2020

- need to finish Medication List Guidance project should finish before we tackle this project
- Update milestone date to May 2021
- multiple international customers looking at implementing e-prescribing using FHIR
- change title to "ePrescribing Guidance"

## 1605 Medication Knowledge Guidance Implementation Guide

### Review September 2020

- move milestone date to May 2021 WGM

## STU Period

Project 1291 - FHIR Profile - Pharmacy, Medication Release 2 - expires 2021-01-26

### Review September 2020

- 0 comments

Project 1543 - CARIN RTPBC - expires 2022-08-22

### Review September 2020

- 0 comments

Project 1139 - Pharmacy Universal CDA Templates - expires 2021-12-21

### Review September 2020

- 0 comments received
- expires December 12, 2021

### Review September 2019

- Kai has sent a draft for review
- Will be published before November 2019
- Can close project once published

- [Melva Peters](#) to review content

### Review May 2019

- MedDispense and MedAdministration - just finished ballot
  - need to complete reconciliation
- Med order and statement - work with Kai to publish

## Review January 2019

- ballot reconciliation complete
- will complete Medication Dispense and Medication Administration for review in Montreal
- Kai to make sure that all changes have been applied from the 2 ballots
- will publish intermediate spec once that is complete

## Review May 2018

- in ballot reconciliation
- Should publish what we have but continue to work on dispense and administration
- Complete ballot reconciliation for Pharmacy Templates
- Schedule joint meeting with Structured Documents to review templates
- Plan next steps for new template work
- talk to Kai about next work

## Closed Projects

### Project 856 - Medication Profile Definition and Use Case Definition

#### Review February 2020

- [Melva Peters](#) will close in Project Insight

#### Review September 2019

- close this 3 year plan item
- [Melva Peters](#) to close this 3 year plan item - will be opening a new project for Medication List

#### Review May 2019

- new Standardized Medication Profile project - joint with NCPDP
- will evaluate this again once we start the work on the new project

#### Review January 2019

- There is a CMS project that may drive this based on Impact Act
- There may be project coming forward to start this work
- When that project comes forward we will close this PSS

#### Review September 2018

- Leave as a 3 year plan item

#### Review May 2018

- Same concept as Medication List/schedule. Schedule discussion for Baltimore to determine if we should start a project.

### Project 1409 - Medication Knowledge resource and FHIR logical model

#### Review September 2019

Voted to close this project in joint meeting with BR&R

- [Melva Peters](#) will close this project

#### Review May 2019

- approved as a resource - FMM =1
- need to work on terminology bindings and QA items
- Move to FMM=2?

## Review January 2019

- will be submitting MedicationKnowledge resource proposal to FMG and continue updating the resource
- Will be updating Medication Module with diagram and more information

## Review September 2018

- Need to develop business case for MedicationKnowledge
- Presented to BR&R in Q3 - Common Medication model
- Reach out to NCPDP to see if get knowledge base vendors involved - Jean may attend NCPDP meeting/ Scott will attend

## Review May 2018

- no change to status - continuing to work on this project

## Project 1220 - Pharmacy Glossary

## Review September 2018

- suggest that we close this - there has been no recent interest
- Motion: John/Scott to close this project - 7/0/0 Carried

Melva Peters to close project

## Review May 2018

- Review in Baltimore

## Withdrawal Ballots - all complete

### Health Informatics - Identification of Medicinal Products - Data Elements and Structures for Unique Identification and Exchange of Regulated Information on Pharmaceutical Dose Forms, Units of Presentation and Routes of Administration, Release 1

- will reach its 5-Year anniversary since being approved by ANSI on 2014-05-29.
- <http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1458>

## Review January 2019

- ballot reconciliation complete
- action items from reconciliation to be done and forward to CTO

### Health Informatics - Identification of Medicinal Products - Data Elements and Structures for Unique Identification and Exchange of Regulated Information, Release 1

- will reach its 5-Year anniversary since being approved by ANSI on 2014-05-29.
- <http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1461>

## Review January 2019

- ballot reconciliation complete
- action items from reconciliation to be done and forward to CTO

### Health Informatics - Identification of Medicinal Products - Data Elements and Structures for Unique Identification and Exchange of Regulated Information on Substances, Release 1

- will reach its 5-Year anniversary since being approved by ANSI on 2014-05-29.
- <http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1462>

## Review January 2019

- ballot reconciliation complete
- action items from reconciliation to be done and forward to CTO

## Health Informatics - Identification of Medicinal Products - Data Elements and Structures for Unique Identification of Units of Measurements, Release 1

- will reach its 5-Year anniversary since being approved by ANSI on 2014-05-29.
- <http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1463>

Review January 2019

- ballot reconciliation complete
- action items from reconciliation to be done and forward to CTO

## Health Informatics - Identification of Medicinal Products - Data Elements and Structures for Unique Identification and Exchange of Regulated Pharmaceutical Product Information, Release 1

- will reach its 5-Year anniversary since being approved by ANSI on **2014-06-05**.

<http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1471>

### Review January 2019

- ballot reconciliation complete
- action items from reconciliation to be done and forward to CTO

## Reaffirmation Ballots - all complete

### HL7 Version 3 Standard: Pharmacy; Medication CMET, Release 1

- will reach its 5-Year anniversary since being approved by ANSI on **2014-07-11**
- <http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1469>

### Review January 2019

### HL7 Version 3 Standard: Pharmacy; Medication Dispense and Supply Event, Release 2

- will reach its 5-Year anniversary since being approved by ANSI on 2014-05-13.
- <http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1459>

### Review January 2019

### HL7 Version 3 Standard: Pharmacy; Medication Order, Release 2

- will reach its 5-Year anniversary since being approved by ANSI on 2014-05-13.
- <http://www.hl7.org/special/Committees/projman/searchableProjectIndex.cfm?action=edit&ProjectNumber=1460>

### Review January 2019
