

CoF Call Calendar - 2020

FHIR QA Activities - Resources

Patient Care has initiated activities as part of Clinician-on-FHIR agenda to review FHIR patterns and Resources with a key objective to promote consistency across related FHIR resources.

The following documents provides useful background and document working progress activities on the QA and harmonisation efforts:

- [FHIR pattern and resources QA review](#) document
- [A logical model for clinical quality](#): challenges and proposed approach (slide deck - thank you to Claude Nanjo for making the slides available to HL7 community)

This confluence page is set up for planning of CoF planning meetings between WGMs.
