

# PACIO Project Advance Directive Information Interoperability in FHIR

## Announcements

---

The PACIO Project's Advance Directives Use Case Subgroup meets on a weekly basis during a combined call with other PACIO Project Subgroups. Please refer to the [Meeting Index](#) page for this subgroup's meeting agenda, minutes, and materials.

All past meeting agendas, materials, recordings, and minutes related to the PACIO Advance Directive work are available in the [Meeting Index](#). This table is sortable by date using the arrows available in the header.

The PACIO workgroup began discussing Advance Directive use cases during the August 5, 2020 meeting, and formally voted to pursue these use cases during the September 16, 2020 meeting. Please refer to the agendas and meeting summaries in the Meeting Index table to review Advance Directive discussions during subsequent meetings.
