## Discussion items

Time	Item	Who	Notes
3 min	Introductions	All	<ul style="list-style-type: none"><li>• No new attendees</li></ul>
50 min	CEN/ISO Gap Analysis a.k.a. cMHAFF - CEN/ISO Harmonization & Conformity Assessment Ad Hoc Group		<ul style="list-style-type: none"><li>• Final review of cMHAFF/ISO harmonization text for inclusion within ISO TS82304-2<ul style="list-style-type: none"><li>• Approved by subworkgroup 16 Jul 2020</li></ul></li><li>• Need to get ballot NIB in order by 01 Nov 2020 to meet the January 2021 WGM deadline.<ul style="list-style-type: none"><li>• Need to get the workgroup vote on approval to ballot by early October so that it has time to be passed on to the steering division for approval afterwards</li><li>• For projects other than investigative and reaffirmations, to submit a NIB, your PSS must have been approved by TSC a minimum of four weeks before the start of the WGM that precedes the NIB deadline.</li></ul></li><li>• <b>Notes from 6/25 Meeting</b><ul style="list-style-type: none"><li>• CEN/ISO and CMHAFF Inclusion Discussion<ul style="list-style-type: none"><li>• Discussion on certification need and impact in relation to global software as a medical device</li><li>• First step in integration between ISO and HL7 - How to collaborate?<ul style="list-style-type: none"><li>• As the two efforts evolve within standardization cycles each will benefit from each others formal progress</li></ul></li></ul></li></ul></li><li>• <b>Notes from 6/11 Meeting</b><ul style="list-style-type: none"><li>• Focused this meeting primarily on how to harmonize cMHAFF and CEN/ISO and what our views should be on how the CEN/ISO Technical Specification will co-exist with the cMHAFF Framework.<ul style="list-style-type: none"><li>• As of now cMHAFF is referenced in the TS in Annex E (Informative) "relationship to HL7 Consumer Mobile Health Application Functional Framework"</li><li>• The idea was to have the CEN/ISO specs as a overall TS and cMHAFF as the profiled version - as in realm specific, health topic specific - of the TS</li><li>• This requires mapping of the TS to cMHAFF and vv</li><li>• This mapping process is almost finished in the since that where applicable cMHAFF has been incorporated in the TS. In cooperation and adjustment from the TS point of view in cMHAFF has not been undertaken yet.</li></ul></li><li>• Basically the main question in the meet was how do we envisage the co-existence of cMHAFF to the CEN/ISO specs. This led to an invitation to Gora to help us define this co-existence, also in relation to the <i>Conformity Assessment Ad Hoc Group</i> which is founded by the initiative of Gora (which is the understanding by Frank). Ther invite to Gora reads as follows:<ul style="list-style-type: none"><li>• Hi Gora, From the CEN/ISO perspective (as relayed by Frank) it sounds as though there are some questions on the ongoing "relationship" between HaWa and CMHAFF and how formal that continues to be moving forward. Members of the conformance assessment adhoc group (that you helped to initiate as we understand it) seem to be having questions about this and the benefits or not. We are not completely sure we understand all of the implications/politics involved between CEN/ISO and HL7 CMHAFF and think we could benefit from some of your background/guidance on this. Would you be available to join the CMHAFF meeting next week (6/18) to discuss this and formulate a position of sorts that can be communicated to that team. Thanks, -Nathan</li></ul></li></ul></li></ul>
2 min	New Business: mHealth Hub and HL7 Foundation involvement	Frank	<ul style="list-style-type: none"><li>• Frank informed the team about HL7 foundation joining in with the mHealth Hub. By the initiative of Catherine Chronaki, Giorgio Cangioli, Gora Datta &amp; Frank have been asked to join the initiative (and have accepted 😊).</li></ul>
