

FAIRness for FHIR (FHIR4FAIR)

Goals

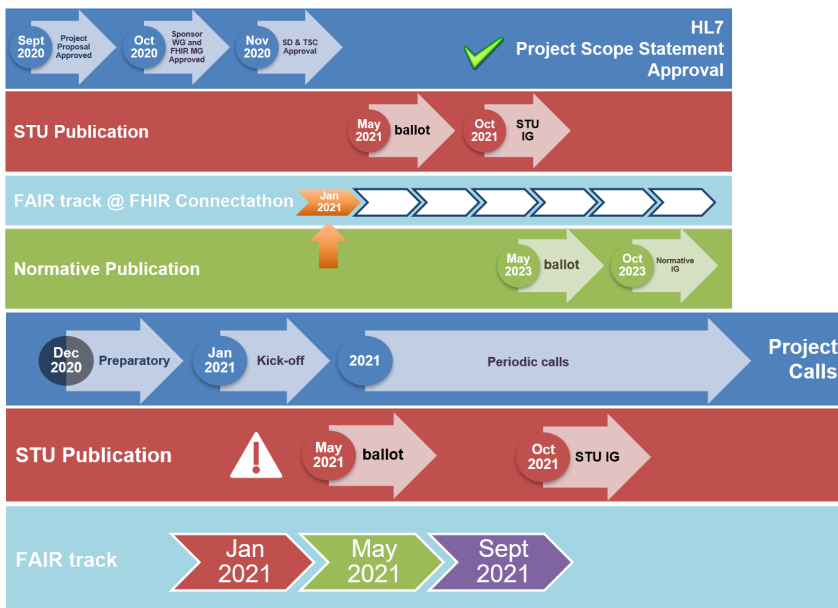

- Facilitate the **collaboration** between the **FAIR** and the **FHIR communities**
- Enable a **cooperative usage** of the **FHIR** and **FAIR paradigms**.
- Support the **health data FAIRness assessment** by using HL7 FHIR conformance resources.

Objective

- **Develop a HL7 FHIR Implementation guide - called FHIR4FAIR FHIR IG - providing guidance on how HL7 FHIR can be used for supporting FAIR health data implementation and assessment**
