Projects/Use Cases - Subgroups

These subgroups have been established to advance FHIR-OMOP uses cases/projects. More subgroups may be added as needed.

Please refer to the subgroup pages below for details about their use cases/projects, meeting times, resources, etc.

- Data Model Harmonization
- FHIR-OMOP Digital Quality Measurement
- FHIR-OMOP Oncology Use Case
- Registries and Applications
- OMOP + FHIR Terminologies Subgroup
- 2022 FHIR-OMOP Roadmap
- FHIR-OMOP Subgroups Meeting Info

*Updates

- 23 Nov 2021: Due to quite a bit of overlap, the Registries and Applications subgroup has rolled into the Digital Quality Measurement subgroup.
