| Opening & Admin  | 5 min             | • Thank you for joining us!  
|                  | Welcome any newcomer s | • Visit our NEWCOMERS page: Welcome Newcomers! It explains how to sign up to Confluence, our listserv, and the Zulip FHIR chat platform, and how our group works.  
|                  |                   | • Includes a [special orientation video](#)  
|                  |                   | • We ask attendees to use their full names and include their company name (or N/A or advocate). This will help avoid zoom bombers and help us with attendance and balanced voting.  
|                  |                   | new attendees to be added to distribution list.                      |
| Standing announce -ments | Antitrust Reminder | Professional Associations that bring together competing entities, such as HL7, are subject to strict scrutiny under applicable antitrust laws. HL7 recognizes that the antitrust laws were enacted to promote fairness in competition and, as such, supports laws against monopoly and restraints of trade and their enforcement. Each individual participating in HL7 activities, regardless of venue, is responsible for knowing the contents of and adhering to the HL7 Antitrust policy as stated in §05.01 of the Governance and Operations Manual (GOM). |
|                   | **Ensure Zoom is recording** | Patient Empowerment WG’s policy is to record many of its weekly calls and virtual working group sessions to help with minute taking. If a recording will also be published, the participants will be asked in advance if that is OK.  
|                   | Note our WG’s recording policy: | Zoom announces when recording is started. Any participant can also ask the group or the co-chairs that we stop or pause recording in a specific meeting, and recording will be stopped or paused as requested. |
| Approval of Prior Call Minutes | | We will approve 9-8 and 9-15 at this meeting.  
|                   | (Our protocol: “You have received the minutes. Are there any corrections to the minutes? (pause) Hearing none, if there are no objections, the minutes are approved as distributed.”) |
| Approval of this Agenda | | Record group’s stance |
We'd like to reflect on the work group meetings from last week (what worked, what didn't) and begin planning the agenda for the work group meetings in January 2023.

Information/minutes from the Sept WGM can be found here. Note that for quarters hosted by another Working Group, you need to refer to their minutes.

We need to schedule our quarters for the January Working Group meeting including any joint meetings we would like to host or we have been or expect to be invited to.

So far, Patient Care has invited us to the following:

**Tuesday, January 17**
- Q4 - Discuss Vocab IPS/IPA along with Orders and Observations, Patient Administration, Structured Documents, Vocabulary, Emergency Care, Clinical Quality Information, Clinical Information Modeling Initiative, Cross-Group Projects, Patient Empowerment, HSSWG

**Wednesday, January 18**
- Q4 - Discuss IPS/IPA with Orders along with Observations, Patient Administration, Structured Documents, Vocabulary, Emergency Care, Clinical Quality Information, Clinical Information Modeling Initiative, Cross-Group Projects, Patient Empowerment, HSSWG

**Thursday, January 19**
- Q1 - Care Plan report out along with Clinical Decision Support, Pharmacy, Structured Documents, Emergency Care, Clinical Interoperability Council, Clinical Quality Information, Learning Health Systems Work Group, Patient Empowerment, HSSWG

Here is the draft WGM agenda to review.

**AMIA Annual Symposium November, 2022**: ADI was accepted to present a panel, Patient Request for Corrections was accepted to present a poster.

PACIO presentation is Nov 9, 2022 | 8:30 am - 10:00 am S95: The Future is Now: Enabling Greater Post-Acute Care Interoperability (PACIO Project Update)

Another workshop at AMIA is WORKSHOP Nov 5, 2022 | 8:30 am - 12:00 pm W03: Functional Status Informatics in Health and Healthcare: The Third Workshop on AI for Function, Disability, and Health Keywords: Patient / Person Generated Health Data (patient reported outcomes) Outcomes research, clinical epidemiology, population health. Artificial Intelligence

Reminded that Patient Contributed Data topic was accepted for a paper in the JAMIA journal.

---

**Patient Contributed Data** (meets 10AM ET Wednesdays).

**Patient Request for Corrections** calls (meets 4pm ET on Mondays) are cancelled for September 19-23

**ADI w/FHIR** (Wednesdays at 12ET):

**SPHR FHIR IG** (Fridays at 2Pm ET):

Confluence page: Standard Personal Health Record FHIR IG

[https://confluence.hl7.org/display/PE/Standard+Personal+Health+Record+FHIR+IG](https://confluence.hl7.org/display/PE/Standard+Personal+Health+Record+FHIR+IG)

[https://www.hl7.org/concalls/CallDetails.cfm?concall=62586](https://www.hl7.org/concalls/CallDetails.cfm?concall=62586)

On October 6th, we have invited the EHR Work Group to attend and get an update on the SPHR project.
| 0 min | Co-sponsored Project Updates (on agenda once per trimester) | **International Patient Access**  
They meet Wednesdays 10AM ET.  
Update provided last week at the work group meeting.  
**Problem Oriented Health Record**  
Lincoln Weed is leading this project. Next meeting is on Monday at 3PM.  
Update provided last week at the work group meeting.  
**Personal Functioning and Engagement**  
Being led by PACIO. Link to their Confluence page: [PACIO Personal Functioning and Engagement](#) |
