## Da Vinci 2022 Calendar

**1.** WATCH this PAGE for updates, we continue to move planned conference content to virtual.

**2.** Please sign up for Da Vinci listserv to hear about future sessions or get notified as we post recordings.

**3.** Share your session via LinkedIn and Twitter: Use #davinciproject tag @HL7

**4.** To view full set of Da Vinci demonstrations, panels, presentations please visit [Da Vinci Video Presentations](#)

### Da Vinci Community Roundtable

**Date:** 4th Wednesday of each month  *

**Time:** 4:00-5:30 PM (eastern)

**Focus:** Community Roundtable session slides and recordings available on Video presentations page.

The goal of the new Community Roundtable is to increase public awareness among payers, providers and vendors of the resources and progress coming out of Da Vinci’s efforts.

The 90-minute virtual session, which will be open to members and the public, will highlight how members leverage Da Vinci use cases and IGS in action in workflow.

Typically, two or three organizations will showcase their work and answer audience questions, allowing for a vibrant discussion and fostering industry understanding of the Da Vinci work products and resulting market solutions. Sessions are anticipated to be recorded and available online for viewing after the event.

**January 2022**

- **Jan. 5, 2–3 p.m.** American Health Law Association (AHLA), No Surprises Act – Health IT and Interoperability Implications
  - Alice O’Carroll, Florida Blue

- **January 10-12, 2022** HL7 Connectathon Virtual
  - Register here: https://www.hl7.org/events/fhir/connectathon/2022/01/

- **January 18-21, 2022** HL7 Working Group Meeting
  - Register here: https://www.hl7.org/events/working_group_meeting/2022/01/

**February 2022**

- **Feb. 2-3** OINC Annual Meeting (Virtual)

**March 2022**

- **March 4, 2022** HIPAA Summit 31 (Virtual)
  - HIPAA Transactions, Data Exchange and the No Surprises Act,
  - www.HIPAAsummit.com

- **March 6 – 9** VIVE (formerly CHIME event), Miami Beach, FL
  - http://www.viveevent.com/

- **March 14 – 18** HIMSS22
  - https://www.himss.org/global-conference

**March 15, 10:15 to 10:35 a.m.**

- **HIMSS22**
  - Use of Da Vinci IGS in COVID Response - Spotlight Theater
  - COVID-19 has accelerated the need for solutions that enable healthcare consumers & payers to easily access & vaccination data from labs, pharmacies, health plans, & providers.
  - UnitedHealthcare & Change Healthcare
  - O’Carroll, Change Healthcare
  - Slides: 03-15-22-1015_O’Carroll_Use of DaVinci IGS for COVID-19 RESPONSE.pptx

**March 15, 3-4 p.m.,**

- **HIMSS22**
  - How HL7 Da Vinci Measures Quality and Reduces Burden
  - Orange County Convention Center, W311A
  - Kirk Anderson, Cambia Health Solutions
  - Anna Taylor, Multicare Health System
  - Slides: 03-15-22-1015_O’Carroll_Use of DaVinci IGS for COVID-19 RESPONSE.pptx

**March 15, 3 - 4 p.m.,**

- **HIMSS22**
  - Member Booth HL7 Da Vinci Office Hours, MCG Health - Booth 8185
  - Jolynn Keagan, Da Vinci Program Manager

**Final Community Roundtable for 2022: November 30th**

Combined session with Da Vinci’s November Member Forum meeting to deliver Year-end Review and 2023 Plans.

Registration details coming soon!
How to Transform Prior Authorization with Evolving Standards - Spotlight Theater

Listen to an organization’s journey from a prior authorization (PA) burden reduction solution suite to an evolving standards solution leveraging HL7 FHIR, Da Vinci Implementation Guides (IGs), and X12 capabilities. Learn about the problem, market opportunity, and how the IGs can streamline PA to enable collaborative workflows between payers and providers. The takeaway: PA is not just a technology problem - but a workflow and a communication opportunity.

Rajesh Godavarthi, MCG
Heidi Kriz, Regence Health Plans

03-16-22-1215 HIMSS The Many Facets of Prior Authorization Burden Reduction.pdf

The Role of HL7 FHIR in Patient Cost Transparency - Spotlight Theater

Join us for an extended session that begins with an inside look at an organization’s HL7 FHIR journey and ends with a Da Vinci Project implementer discussion providing multiple perspectives on prior authorization, current prior authorization burden, how the available implementation guides can streamline the processes and the changing nature of how payers and providers interact as they are working together to tackle problems.

Benjamin Owell, MD MS, OHSU
Rajesh Godavarthi, MCG
Heidi Kriz, Regence Health Plans

The Role of HL7 FHIR in Patient Cost Transparency - Spotlight Theater

Learn how the new HL7 Da Vinci Patient Cost Transparency use cases will be implemented into an existing HL7 FHIR based point of care platform between payers and providers. The result: EHR data retrieval for best faith estimate queries is enabled, which reduces manual input burden and ultimately will help patients make more informed health care decisions.

David Potochniak, Optum
Jeffrey Modder, United Healthcare

The Role of HL7 FHIR in Patient Cost Transparency | HIMSS, ID #214

Hear a first hand account of how organizations are using HL7 Da Vinci Project Implementation Guides to meet quality measures, such as the Medication Reconciliation Post Discharge Quality Measure, identify gaps and reduce burden. Discover how to get involved, join the growing collaborative community, and directly access all of Da Vinci’s free and open resources.

Caitlyn Campi, GuideWell
Maxim Abramsky, Edifecs

Governing Interoperability - Spotlight Theater

How does an organization govern interoperability? Join us for a business and IT strategic change management discussion and discover how organizations are creating a pathway to performance by developing an enterprise-level interoperability roadmap outlining a governance model and policies to enable business transformation.

Lukasz Nosol, United Healthcare
Anna Taylor, MultiCare Health

March 17, 12:45 to 1: 05 PM

Governing Interoperability | HIMSS, ID #214

CMS Payer to Payer Mandate: A Working Approach to Compliance - Spotlight Theater

Discover how one plan and vendor are moving forward with achieving payer to payer mandate requirements.

Caitlyn Campi, GuideWell
Kevin Day, Edifecs

Slides: 03-17-22-115-Campi_Day_CMS Payer to Payer Mandate.pptx
### HIMSS22

**March 17, 1:45 to 2:05 PM**  
**HIMSS22**  
**Insurance Plan Data Retrieval via Patient and Payer APIs - Spotlight Theater**  
Walk through a real-world use case showing which health data standards are used alongside HL7 FHIR-based applications within a health insurance payer portal to acquire health data from other health insurance payers. We will also discuss how to leverage FHIR operations, such as “$patient-everything” and “$member-match”, to support clinical data exchange between health insurance payers.  
Joshua Lamb, Optum  
Dan Bock, Optum  
Slides: 03-17-22-145-Block_Lamb_HIMSS22_InsurancePlanData_v2_SanHL7DaVinci.pptx

**March 17, 2:15 to 2:35 PM**  
**HIMSS22**  
**The Evolution of Clinical Data Exchange Using HL7 FHIR - Innovation Live! Theater**  
CDex allows for precise requests for individual data points in a granular, targeted fashion, streamlining the process for payers, providers and patients. Join Da Vinci Project implementers who are leveraging HL7 FHIR-based models for payer-to-provider, payer-to-patient and payer-to-payer information sharing and learn about the power of extending FHIR APIs as foundational building blocks for interoperability among all stakeholders.  
Durwin Day, Blue Cross Blue Shield Illinois (BCBSIL)  
John Kelly, Edifecs

### April 2022

**April 19-20**  
**Intelligent Health Data Symposium**  
https://trust.smilecdr.com/

**April 19, 9:30 - 10:15 a.m. EDT**  
**Intelligent Health Data Symposium**  
How the HL7 Da Vinci Project Advances Interoperability  
The use of HL7 FHIR by all parts of Health IT is on the rise, and the HL7 Da Vinci Project is poised to accelerate data exchange and reduce burden between provider and payers and fuel clinical data needed for patient applications. Learn about the real-world progress of the dozen FHIR Implementation Guides available for use between you and your partners. Focus areas include standardizing provider, payer and patient clinical data exchange, improving information equity about benefits, automating prior authorization workflows, and leveraging FHIR to improve collection and sharing of data to support quality and risk programs. As a key to meeting existing and proposed federal rules, Da Vinci’s growing community provides a way for organizations to understand APIs required to transform healthcare for value-based care. See how to get involved, learn more about upcoming education and implementation opportunities and access all of the HL7 Accelerators’ free resources.  
Alix Goss, Da Vinci PMO and Vice President and Senior Consultant, Imprado

### May 2022

**May 2-4**  
**HL7 Connectathon**  
https://www.hl7.org/events/fhir/connectathon/2022/05/

**May 9-13**  
**HL7 May Working Group Meeting (EDT), Virtual Event**  
http://www.hl7.org/events/working_group_meeting/2022/05/?ref=signature

**May 11, 5:30 p.m. EDT**  
**HL7 May Working Group Meeting (EDT), Virtual Event**  
Da Vinci Birds of a Feather  
Presenters will be Yan Heras, Robert Detenlis, and Vanessa Candelora  
http://www.hl7.org/events/working_group_meeting/2022/05/?ref=signature

**May 12, 8:39 – 8:45 a.m. EDT**  
**HL7 May Working Group Meeting (EDT), Virtual Event**  
General Session FHIR Accelerator Update: HL7 Da Vinci Project  
http://www.hl7.org/events/working_group_meeting/2022/05/?ref=signature

**May 24-26**  
**WEDI Spring Conference (Zoom)**  
Updates From the Healthcare Standards Development and Operating Rules Organizations  
Jocelyn Keegan, Da Vinci Program Manager  
WEDI 2022 Spring Conference (Virtual) - Workgroup for Electronic Data Interchange (WEDI)

### June 2022

**June 6-9**  
**HL7 FHIR DevDays International (Hybrid), Virtual and in Cleveland, Ohio**  
https://www.devdays.com/june-2022/
June 7, 5:45 p.m. EDT
HL7 FHIR DevDays International (Hybrid), Virtual and in Cleveland, Ohio
The Role of HL7® FHIR® in Patient Cost Transparency
Explore one of the newest HL7 Da Vinci Project Use Cases and gain a better understanding of the role of HL7 FHIR in streamlining processes and improving data exchange. This functionality will ultimately enable accurate, real-time access to medical care costs prior to delivery, allowing patients to make better healthcare decisions and be better stewards of their healthcare dollars.
In this session you will:
- Discover the benefits of a standards-based approach and how the multi-stakeholder initiative is helping the industry solve healthcare interoperability problems and meet federal requirements and regulations, such as the No Surprises Act.
- Identify the benefits and progress of shifting from traditional file formats to real-time data exchange between providers and payers to unleash the data required for value-based care contracts to be successful.
- Identify how to get involved and directly access the free and open tools and resources to solve your interoperability challenges.
Viet Nguyen, M.D., HL7 International, Chief Standards Implementation Officer and Technical Director, HL7 Da Vinci Project
https://www.devdays.com/june-2022/

June 9, 10:45 - 11:30 a.m., HL7 FHIR DevDays International (Hybrid), Virtual and in Cleveland, Ohio
How You Can Use HL7 FHIR to Reduce Burden and Solve Prior Authorization Challenges
Hear from HL7's Chief Standards Implementation Officer, who also serves as the Technical Director of the HL7 Da Vinci Project, and learn how industry innovators are leveraging the available HL7 Da Vinci Project Implementation Guides to transform prior authorization, reduce burden, tackle problems, transform processes and improve care delivery. Adopting HL7 Da Vinci’s value-based care standards supports compliance efforts with federal regulations and contributes to more efficient and effective patient care and overall experience.
Now in its fifth year, the HL7 Da Vinci Project is accelerating the adoption of HL7 FHIR as the standard to support and integrate value-based care (VBC) data exchange. This session will showcase current and new publicly available Da Vinci resources to aid adoption of FHIR-based standards and use cases and will aid your readiness by sharing implementer tools and activities to support your goals to streamline processes and reduce provider and payer burden.
Viet Nguyen, M.D., HL7 International, Chief Standards Implementation Officer and Technical Director, HL7 Da Vinci Project

June 14 - 15
Cognizant Healthcare Conference
HL7 Da Vinci project overview

June 14 - 15
Cognizant Healthcare Conference
HL7 Da Vinci: prior authorization and patient cost transparency use cases

June 23, 11:30 - 12:15 p.m.
AHP 2022, Wynn Las Vegas
Maximizing Payer-to-Payer Data Exchange
Heather Kennedy, Humana

July 2022
July 12, 1:45 – 2:30 p.m.
WEDI Virtual Spotlight on Value Based Care
Blazing the Technical Pathway to Value Based Care. Presentation
Viet Nguyen, MD, Chief Standards Implementation Officer, HL7 International, Technical Director, HL7 Da Vinci Project
Semira Singh, Director, Population Health Informatics, Providence

Jul 12-13
Virtual Digital Quality Summit
“Building an Equitable Digital Health Ecosystem,” presented by HL7 and NCQA

Jul 19-21
Virtual CMS FHIR Connectathon
CMS HL7 Virtual Connectathon - July 2022 - Da Vinci - Confluence

August 2022
August 2-3
WEDI Summer Forum, Chicago, IL

September 2022
Sept. 12-14
AHP Consumer Experience & Digital Health Forum, Nashville
A Collaborative “Standards” Way to Reduce Prior Authorization Burden

Sep. 17-23
HL7 36th Annual Plenary and Working Group Meeting, Baltimore, MD

Sept. 19, 5:30 PM ET
HL7 36th Annual Plenary and Working Group Meeting, Baltimore, MD
Da Vinci Birds of a Feather
Presenters: TBD
